

Hikvision Interactive Flat Panel

Advance collaboration to a new level

Why Choose Hikvision's Interactive Flat Panels?

Outstanding Imaging

Featuring cutting-edge technologies, Hikvision's interactive flat panels offer an outstanding visual display for a variety of professional needs such as conferences, instruction, and more.

- 4K resolution and display with anti-glare glass for optimal viewing

- Eye protection with blue light filtering over 90% and automatic brightness adjustment
- Zero-gap Bonding with less diffused reflection and screen ghosting

Tailored Solutions

Integrating with equally powerful products and software, Hikvision can offer ready-made solutions for conferencing and education, inspiring more convenient connections anywhere you need it.

Audio and Video Conferencing Solution: Foster and improve team work for small, medium and large-sized conferencing

Classroom Hub Solution: Empower more activities when you combine an interactive flat panel with digital tools, bridging any gaps between teaching and learning

Audio and Video Support

Equipped with an 8 MP camera and a 6-microphone array, flexible remote communication is guaranteed with clear audio, stable voice connection, and high-quality imaging.

Dual-system Switchover

Users can switch between their dual systems with just on click.

- Built-in Android 11.0 by default
- Insert optional OPS for Windows compatibility

Useful Assistant Tools

Various teaching tools – including recording, frozen screen, magnifier, spotlight, and screen shots – help teachers enhance their teaching efficiency.

Central Management

Central management can enhance administrative efficiency along with instruction using features such as:

- Reboot
- Shut down
- Restore to factory defaults
- Setting screen saver password
- Software installation
- Information sharing & display

Audio and Video Conferencing Solution

Online and remote conferencing have become regular parts of the workday for most professionals. Hikvision can help! Integrating our superior components, Hikvision offers a more productive and interactive experience. The ultra-HD imaging and clear audio bring your far-away team members close – from anywhere in the world.

Classroom Hub Solution

Learning institutions are continually moving toward informatization in education. In addition, students growing up in a technological world are eager for more immersive learning experiences and better educational resources.

Leveraging professional, AI-enabled cameras and lightweight software, Hikvision's Classroom Hub Solution overcomes a variety of challenges by offering remote learning and multi-classroom learning, extending real classrooms to digital, virtual classrooms, bridging all kinds of gaps between teaching and learning.

Multi-classroom Learning

Synchronized teaching and learning in the main and secondary classrooms with virtual face-to-face experience

Remote Learning

Shares the class instruction instantly with remote students while maintaining the same engagement level.
